

To my fellow Registered Nurses & Medical Radiation Technologists of Local 100,

I look forward to the opportunity to represent your varied interests and concerns our professions face everyday here at the local level and at the provincial table as your **Local Coordinator**. I have been a proud Critical Care RN for 19 years (7 as a serving member of United Nurses of Alberta (UNA) & 6 as a passionate voice with ONA, since University Hospital joined in 2012). I have assumed many roles as a Union Activist. I am proud to continue as VP, Occupational Health & Safety (UH) & Hospital Association Committee (HAC) Representative.

As your local coordinator, I will continue to ensure that the Union maintains an open, fully transparent account of how your dues are working for you. I will ensure that the budget will reflect the membership approved allocations and priorities. If we need to deviate, or re-prioritise, you will be informed. Your concerns about policy & budgets will be heard and raised, here at the local & provincial levels. I commit to being available to address your concerns or suggestions. I want to share my ideas with you and engage your thoughts on how your Union can increase membership engagement. Our strength as a Union is only fortified by our membership being an integral part of the changes we desire in our workplaces. We cannot ensure safe, high level professional patient care if we don't use the mechanisms in place to improve our healthcare systems. Stand with me and all your respective Bargaining Unit Presidents and Site Reps, as the Local Executive, to continue the changes we all desire.

I was involved in the Internal Organizing Committee to bring UH into ONA. I was given the privilege to represent UH RNs to achieve a historic first collective agreement in 2012. In subsequent rounds of LHSC RN Negotiations, I have proudly represented the interests of all classifications of RNs (UH & VH): Full-Time, Part-Time and Casuals. I will continue to bring a strong voice to the table. Allow me the pleasure of continuing the work of providing our members with appropriate work/life balance, with a vote for me as one of your three (3) **LHSC RN Full-Time Negotiations Representatives!**

On **Wednesday, November 7<sup>th</sup>**, be part of the wave of change!

- ❖ This election will differ from years past, as presentation of your Hospital ID will no longer be acceptable to vote. **You MUST present your ONA ID (electronically uploaded or on the ONA App is acceptable) to vote.** If you do not have one or have forgotten the number, you will be able to vote by signing a form, provided by a scrutineer.

University Hospital: 3<sup>rd</sup> Floor Kiosk (0700-200hrs)

&

Victoria Hospital B2-100E Kiosk (Side of Patient registration on B2 near the elevators)

(0700-200hrs)
