

November 7th, 2018

Elect
Robert Mugford

Occupational Health and Safety VP (VH)

Occupational Health and Safety Rep

I have worked for the past 11 years in areas with some of the highest risk for violence, aggression and work related injuries. I seek your support to represent your health and safety concerns. I will ensure that I am accountable to you, the members, and strive to ensure full transparency at the local level.

I would appreciate your support on November 7th!
