

## LHSC RN/CE - RN/RPN Workshop

This workshop will:

Help members understand the similarities and differences between RN and RPN practice

Understand how their Professional Standards and Practice Guidelines: The Client, The Nurse and the Environment, describe and reflect the scope of practice.

Help members gain confidence in having difficult conversations about applying the Practice Standards and Practice Guideline: The Client, The Nurse and the Environment, to their colleagues and management.

Help Bargaining Unit members experiencing issues with RN/RPN scope of practice and the assignment of the appropriate category of health care provider.
